ICL2008 Special Track - Call for Papers

The 11th International Conference "Interactive Computer aided Learning" **ICL2008** from September 24 -26, 2008 in Villach, Austria has a Special Session

"E-Portfolio" with a special focus on engineering education and engineering continuing professional development

This Special Session will be organized in cooperation with:

- **European Institute for E-Learning (EIfEL)**

the organiser of the Maastricht ePortfolio international conference:

ePortfolio & Digital Identity 2008, Maastricht 22-24 October 2008

Topics of interests

- **ePortfolio policies and strategies in engineering education**
- **ePortfolios for lifelong learning and employability support**
- **individual and organisational ePortfolios**
- **the role of ePortfolios in relation to qualification frameworks**
- **ePortfolio implementations and experiences**
- **ePortfolio systems and tools**

Types of contributions

- **Full Papers**: 20 minutes presentation followed by a panel discussion
- **Interactive Demonstrations** 15 minutes demonstration.
- **Poster Presentations**

Other opportunities to participate:

- **Exhibit** at the ICL products and developments of e-learning.

Submission of papers

Extended abstracts should be submitted using the Electronic Submission Page.

The extended abstract should comprise up to two pages, informing the programme committee about the aim of the approach (study, tool) reported, experiences gained and the form and result of evaluations conducted.

More information

http://www.icl-conference.org
info@icl-conference.org

Conference chair

M. Auer (Carinthia Tech Institute)

Special session chair

S. Ravet (serge.ravet@eife-l.org) (European Institute for E-Learning (EIfEL))

Proceedings

The proceedings will be published on CD in cooperation with the Kassel University Press (own ISBN number).

Important dates

30 June 2008:   Submission of abstracts

15 July 2008:   Notification of acceptance

10 Sept. 2008:   Camera-ready due

24-26 Sept. 2008: Conference ICL2008

General information

The conference will be organized by the Carinthia Tech Institute in Villach. Conference venue is the Conference Center Villach.
