

The deadline for submissions to **IMCL2007** is **November 15, 2006**. Please submit your papers, workshops, tutorials, and special session proposals before the deadline to ensure inclusion in the review process.

IMCL2007 will take place in the period **April 18-20 2007**.

Location

The conference will be held at Princess Sumaya University for Technology, (PSUT), which is located in the town of Al-Jubaiha, North of Amman, Jordan. The country has a combination of Mediterranean and arid desert climates, with Mediterranean prevailing in the North and West of the country, while the majority of the country is desert. Generally, the country has warm, dry summers and mild, wet winters, with annual average temperatures ranging from 12 to 25 C (54 to 77 F) and summertime highs reaching the 40 C (105-115 F) in the desert regions.

The social activities of the conference will include a half-day trip to the Roman city of Jerash, a day trip to Petra at the end of the conference and a special night under the beautiful skies and stars of Wadi Rum.

Sponsors

IMCL2007 is sponsored by a number of international and Jordanian corporation, institutions, organisations including Microsoft, Motorola, National Instruments, IBM, Amman Municipality, Jordan Trading Bank, Aramex, Royal Jordanian Airlines, IEEE Education Society, to name a few.

The Second International Conference on Interactive Mobile and Computer aided Learning, (IMCL2007).

www.imcl-conference.org

The conference aims to promote the development of Mobile Learning, encourage the study and implementation of mobile applications in teaching and learning and provide a forum for education and knowledge transfer. **IMCL2007** will provide educators and researchers with an excellent opportunity to convene and discuss innovative ideas in the emerging fields of mLearning and online labs and the general eLearning discipline. The conference will also provide participants with the newest state of the art on portable devices and their role in university education and potential benefits for learning purposes. Examples of the implementation by laptops, palmtops, mobile phones, PDA, smart phones, WAPs, GPS and a navigational system, WWW-access via Bluetooth, WLAN or GPRS will be presented.

Program Co-Chairs

Professor Michael E. Auer, Carinthia University of Applied Sciences, Austria, **Professor Göran Karlsson**, Royal Institute of Technology, Sweden and **Professor Abdallah Al-Zoubi**, Princess Sumaya University for Technology, Jordan.

Keynote Speakers

1. **Khaled Toukan**, Minister of Education and Minister of Higher Education and Scientific Research, Jordan.
2. **Anne H. Margulies**, MIT Open CourseWare Executive Director, USA.
3. **Susan D'Antoni**, Director, UNESCO International Institute for Educational Planning, France.
4. **Brenda Herold**, Motorola, UK.
5. **Fabien Petitcolas**, Microsoft, UK.
6. **Andrea Emiliani**, IBM, UAE.

Topics

Topics covered by **IMCL2007** include:

- Design and development of course content;
- M-learning emerging hardware and software;
- M-learning applications;
- Mobile technology support for educator and student;
- Mobile Web and video Conferencing;
- M-learning objects and development tools;
- Service providers for mobile networks;
- M-learning standards;
- Life-long m-learning;
- Impact of m-learning on social change;
- Future trends in m-learning;
- Web and Computer-based learning;
- Tools for interactive learning and teaching;
- Platforms and authoring tools;
- Applications of the Semantic Web;
- Adaptive learning environments;
- Virtual campus and e-learning;
- Remote and virtual laboratories.
