ECEL 2007: Call for Papers, Workshops and Tutorials

- [ECEL Home Page](#)
- [Future Conferences](#)
- [Past Conferences](#)

Over the last ten years, the way in which education is delivered has changed considerably with the advent of new technologies. e-Learning is one such development, so much so that it is now regarded as a field in it's own right. This, the 6th European Conference on e-Learning (ECEL 2007), offers an opportunity for those involved in the study, implementation and delivery of e-learning to meet and exchange ideas and experiences.

The conference, to be held in October 2007, invites qualitative, experience-based and quantitative papers, case studies and reports of work in progress on both the theory and practice of all aspects of web-enabled technology in learning and teaching. Submissions are welcomed from academics, teachers, practitioners, vendors and government departments.

In addition to the main conference, submission are welcomed for two mini tracks; [Online and Virtual Communities](#), chaired by [Paul Peachey](#), University of Glamorgan, UK and [e-Learning and Health](#), chaired by Dr [Pam Moule](#), University of West England, UK

Selected papers from the conference will be considered for a special edition of the [Electronic Journal of e-Learning](#)

Submission details:

- ***Abstract Details:*** The Abstract should be a minimum of 100 and no more than 300 words including keywords to be received by 26 April 2007. Abstracts have to include the proposed title for the paper, the full names, addresses and email addresses of all authors and a telephone number for at least one contact author.
- ***Submission:*** By [online form](#) submission
- ***Full paper:*** Only required after acceptance of abstract and not to be more than 5,000 words including abstract, keywords and references. Submission date will be no later than **14 June 2007**. Papers should be submitted as .doc or .rtf file attachments by email to [Elaine](#)

[Hayne.](#)

Important information:

The selection panel of the conference committee will consider all abstracts received by the submission deadline to ensure that the proposed paper is relevant to the Conference. The authors of abstracts, which describe a relevant paper, will receive a notification of abstract acceptance. All full papers will be blind reviewed by members of the conference committee to ensure an adequate standard, that the proposed subject of their abstract has been followed, that the paper is of a suitable length, that the standard of English is adequate and that the paper is appropriately referenced. Papers that are accepted will be published in the conference proceedings providing at least one author registers and presents the work at the Conference (see the registration section of the conference website for more information about registration). Due to the large number of papers expected for this conference, the committee only allows an author to present one paper. Therefore if multiple papers are accepted for presentation different co-authors need to present each paper.

Important dates:

Abstract submission deadline: **26 April 2007**
Notification of abstract acceptance: **3 May 2007**
Full paper due for review: **14 June 2007**
Notification of paper acceptance: **26 July 2007**
Final paper due (with any changes): **16 August 2007**
