

International Conference **IMCL**

The 5th International Conference on Interactive Mobile and Computer Aided Learning, IMCL2010

The 5th International Conference on Interactive Mobile and Computer Aided Learning, IMCL2010, which will be hosted by Sousse University, Tunisia, in Conjunction with the 10th IEEE International Conference on Advanced Learning Technologies, July 5-7, 2010. IMCL2010 comes as a response to this challenge in the Middle East. The conference is part of an international initiative to promote technology-enhanced learning and online engineering world-wide. The initiative includes a series of conferences such as the International Conference on Interactive Computer Aided Learning, ICL, Villach, Austria, the International Conference on Interactive Computer Aided Blended Learning, ICBL, Florianopolis, Brazil and the International Symposium on Remote Engineering and Virtual Instrumentation, REV. All of these conferences are organized under the umbrella of the International Association of Online Engineering and are supported by the online journals: the International Journal of Interactive Mobile Technologies, the International Journal of Emerging Technologies in Learning and the International Journal for Online Engineering.
