ANNOUNCEMENT AND CALL FOR PAPERS

Interactive Mobile and Computer aided Learning (IMCL2010)

International Conference ICL

Hasselt/Belgium

■ Interactive Computer Aided Learning

13th International Conference on Interactive Computer aided Learning

Academic and Corporate E-Learning in a Global Context

September 15 – 17, 2010, Hasselt, Belgium

The world is witnessing a revolution in mobile and computing technologies which will transform all handheld devices into small computers with multimedia, web browsing and gaming capabilities, and desktop work environments with office software, in addition to the usual telephony on mobile networks and the Internet. The Special Track on Interactive Mobile and Computer Aided Learning, IMCL2010, which will be hosted by Hasselt University, Belgium, comes as a response to this challenge. The event is part of an international initiative to promote technology-enhanced learning and online engineering world-wide. The initiative includes a series of conferences which are organized under the umbrella of the International Association of Online Engineering and are supported by the online journals: the International Journal of Interactive Mobile Technologies, the International Journal of Emerging Technologies in Learning and the International Journal for Online Engineering.

IMCL2010 will cover all aspects of mobile learning, mobile business, mobile government, mobile society as well as the emergence of mobile technologies, services, implementation and implications for education, business, governments and society. IMCL2010 is part of the ICL2010 conference, organized by Hasselt University, Belgium in collaboration with Carinthia University of Applied Sciences, Austria and Princess Sumaya University for Technology, Jordan.
