

REV 2012 is the ninth in a series of annual events concerning the area of remote engineering and virtual instrumentation. The REV conferences are the annual conferences of the International Association of Online Engineering (IAOE) (<http://www.online-engineering.org>). REV2012 will be organised in Bilbao by the University of Deusto. The general objective of this conference is to demonstrate and discuss fundamentals, applications and experiences in the field of remote engineering and virtual instrumentation. With the globalization of education the interest in and need of teleworking, remote services and collaborative working environments now increases rapidly. Another objective of the symposium is to discuss guidelines for education in university level courses for these topics. REV 2012 offers an exciting technical program as well as academic networking opportunities during the social events.

Topics of Interest

Topics of the conference include (but are not limited to): Virtual and remote laboratories • Remote process visualization and virtual instrumentation • Remote control and measurement technologies • Online engineering • Networking and grid technologies • Mixed-reality environments for education and training • Education and operation interfaces • usability, reusability, accessibility • Demands in education and training, e-learning, blended learning, m-learning, and ODL • Open educational resources (OER) • Teleservice and telediagnosis • Telerobotics and telepresence • Support of collaborative work in virtual engineering environments • Teleworking environments • Telecommunities and their social impacts • Present and future trends, including social and educational aspects • Human computer interfaces, usability, reusability, accessibility • Innovative organizational and educational concepts for remote engineering • Standards and standardization proposals • Products • Military wireless applications • Information security • Telemedicine • Renewable energy • Applications and experiences.

Conference language English

Proceedings

The proceedings will be published on CD by the International Association of Online Engineering (IAOE). Interesting papers may be published in the International Journal of Online Engineering (iJOE), www.i-joe.org.

The proceedings will be indexed by **IEEE Xplore** and **EI Compindex**.

Other opportunities to participate

Posters / thematic workshops / tutorials / technical sessions, as well as interactive demonstrations and exhibitions, may also be proposed. Prospective organizers of other REV2012 events are encouraged to contact the conference chair. It is intended to broadcast all technical sessions via Internet.

Important Dates

- March 01, 2012 – Submission deadline
- April 22, 2012 – Notification of acceptance
- May 07, 2012 – Author registration deadline
- June 01, 2012 – Camera-ready due

REV Steering Committee

Auer M. E., CEO of IAOE, Carinthia Tech Institute Villach, Austria (Chair)
Ursutiu D., President of IAOE, University Transilvania Brasov, Romania
Al-Zoubi A.Y., PSUT Amman, Jordan
Edwards A., University of Colima, Mexico
Gravier C., TELECOM Saint-Étienne, France
Harward J., Massachusetts Institute of Technology, USA
Henke K., TU Ilmenau, Germany
Lowe D., University of Technology Sydney, Australia
Orishaba D., Makerere University, Uganda

Honorary Chair REV2012

Oraá J., Rector of University of Deusto, Spain

General Chair REV2012

García-Zubía J., University of Deusto, Spain

Program Chair

Dziabenko O., University of Deusto, Spain

Local Arrangements Chair

Jacob I., Dean of the Faculty of Engineering, University of Deusto, Spain

African Liaison

Orishaba D., Makerere University, Uganda

Asian Liaison

Yu W., Tongji University (CDHAW), China

Latin-American Liaison

Edwards A., University of Colima, Mexico

North-American Liaison

Sobh T. M., University of Bridgeport CT, USA

Oceanian Liaison

Jan Machotka, University of South Australia, Australia.
