Conference MEAMS 2012

We are happy to bring out these special focus papers on **Automation and its applications in Mechanical Engineering**. We have organized the 2012 International Conference on Mechanical Engineering, Automation and Material Science (MEAMS2012) in China which proved to be a good platform for engineers, scientists, researchers in Mechanical Engineering and Automation.

With the rapid development of mechanical technology, researchers in all fields begin to discuss some new ideas connected with Mechanical Engineering and Automation. The MEAMS2012 has given a valuable opportunity for researchers, scholars and scientists to exchange their ideas face to face together. MEAMS2012 is very special for its strong organization team, dependable reputation and wide sponsors all around the world.

From the MEAMS, we have selected papers based on the quality and relevance to the scope of the **International Journal of Online Engineering**. These papers are selected based on the originality in content and the authors were asked to revise the papers in accordance with the reviews.

We are thankful to the Chief Editor and the publishers for bringing out this special focus issue.

Dr. Professor **Gongfa Li**, College of Machinery and Automation, Wuhan University of Science and Technology, China

Dr. **Tingui Chen**, College of Computer Science & Information Engineering, Zhejiang Gongshang University, China

Dr. Professor **Guozhang Jiang**, College of Machinery and Automation, Wuhan University of Science and Technology, China
